CONFERENCE AGENDA

APRIL 26, 2023

**3rd International Conference on
Nanotechnology & Nanoscience**

26th April, 2023 | Iran University of Tehran
www.utnano.ir

26 th April 2023	Session 1 Opening Ceremony
09:00 – 09:15	Reciting of Quran and National Anthem
09:15 – 09:30	Dr. Mohammad J. Amiri Conference Executive Director
09:30 – 09:50	Prof. Dr. Mohammad Alavi Conference Head &
09:50 – 10:15	Prof. Dr. Z. Emam Djomeh Conference Scientific Director & President of Aras Intl. Campus of University of Tehran
10:15 – 11:00	1st Break
26 th April 2023	Session 2 Oral Presentations
Chair Person: Prof. Dr. Falah Hassan Hussein	
11:00 – 11:20	Dr. Firas Habeb Abdulrazzak Synthesis of FWCNTs by Thermal Flame/Chemical Vapor Deposition from Kerosene at low Temperature
11:20 – 11:40	Dr. Shaymaa Awad Kadhim A study of the Incident Rate of colon cancer in districts of Najaf Governorate, Iraq: Risk Estimation
11:40 – 12:00	Dr. Afiaa Sabah Naser Effect of nanoparticles on antibiotics concentration in the nasal mucosa in the female rats
12:00 – 13:30	2nd Break (Prayer and lunch)
26 th April 2023	Session 3 Oral Presentations
Chair Person: Prof. Dr. Firas Habeb Abdulrazzak	
13:30 – 13:50	Dr. Souzan Hussain Eassa Synergic Antibacterial Activity of Carbon Nanotubes
13:50 – 14:10	Dr. Amar Yasser Jassim Comparative assessment of the fate and toxicity of chemically and biologically synthesized silver nanoparticles to juvenile clams
14:10 – 14:30	Dr. Ayda Khalaj Synthesis of silver nanoparticles from aqueous extract of <i>Lycopus europaeus</i> L with chitosan polymer and characterization of its physicochemical properties
14:30 – 14:50	Dr. Shoaib Babaei Toski Investigation the electronic and spin properties of two-dimensional materials of $SMAN_2(M=Mo, W;A=Si, Ge)$
14:50 – 15:10	Dr. Ahsan A. Kadhimi Effect of Caesium-137 and Drought stress on some biochemical characteristics of some varieties of rice varieties
15:10 – 15:30	Dr. Ali Mohammed Kamel Electrochemical Behaviors and Corrosion Properties of Bourdon Canned Meat
15:30 – 15:50	Dr. Faleeha Hasan Hussein Adding different concentration of paprika dyes (<i>Capsicum annum</i> L) to tomato paste and studying the qualitative and storage characteristics
15:50 – 16:10	Muthik A. Guda Manufacturing of a naDr. no-sensor for the purpose of determining the viability of fruit juice
16:10 – 16:30	Closing Ceremony

**3rd International Conference on
Nanotechnology & Nanoscience**
26th April, 2023 | Iran University of Tehran
www.utnano.ir

Address: Tehran - Enqelab Square - Enqelab St. - between Qods and 16 Azar St,
University of Tehran

نشانی: تهران، میدان انقلاب، بین خیابان ۱۶ آذر و خیابان قدس، دانشگاه تهران
العنوان: طهران - میدان الانقلاب - شارع الانقلاب - بین شارع القدس و ۱۶ آذر

Cell: +98 935 438 9168 (واتس آپ)

Email: info@utnano.ir
